••••• SPECIAL GUEST, KARI GUSTAFSON, Class of 1982 •••••

Our Master of Ceremonies this evening is Kari Berit Gustafson, a 1982 graduate of Red Wing High School. “I felt lucky to grow up in Red Wing. I loved the small town with the big heart. It was an unbringing that allowed me space to be myself, explore and use my talents, and feel connected to the community,” Kari says. She was very involved in speech and theater, band and swimming. After high school, Kari received her B.A. in Psychology and International Health Care from St, Olaf College, Northfield, MN and her M.S. in Continuing and Vocational Education from the University of Wisconsin, Madison. Kari’s expertise lies in aging and care giving. She is the author of two books, The Unexpected Caregiver and Mental Fitness Guide and also hosts the weekly Unexpected Caregiver radio show. For nearly 20 years, Ms Gustafson has been addressing industry associations, private business groups, financial companies and religious organizations, helping professionals from a multitude of backgrounds and age groups move effectively through their aging and care giving. Kari’s other passion in life is leading tour groups to Norway!
